Thanks for joining us at Unwage! I'm thrilled to have you here.

If you haven't already, you can download the e-book below as promised:

[GET E-BOOK](#)

Just a quick introduction so we're not strangers...I'm Steven Lien, the founder of **Unwage**.

I was an accidental entrepreneur and college dropout at 19 years old (you can read about it in the e-book).

I've started and sold several businesses, had some flops, and even lost \$600k in one day (yup, it's in the e-book too).

I returned to college years later to study business at the **University of Southern California (USC)**.

I worked at several tech companies, but I ultimately found myself back as an entrepreneur.

But I was tired of starting businesses only to realize, after spending years on it, that it wasn't a business I REALLY wanted...so I took a step back.

I began researching all the different business models I could find.

I spent tens of thousands of dollars on online courses and tested many of them.

With much trial and error, I finally landed on what I'm working on for the next decade, and it was worth it!

decade, and it was worth it!

I wake up excited every day with a clear vision of what I'm creating.

And I want the same for you!

A part of how I will come alongside you on your journey is through email, so make sure you "**whitelist**" us so we're not going to spam.

Also, here's what you can expect in our emails:

💡 **Business Models:** Learn about different remote/online business models that you can start yourself.

🔧 **Tools & Resources:** Get the best-recommended tools and services to boost your business only after we've vetted them.

📖 **Knowledge Hub:** Articles, guides, and tutorials tailored for the remote entrepreneur.

🚀 **Success Stories:** Learn from those who've paved the way.

Last thing before I let you go, I want to know your story!

Hit reply and let me know where you are in your entrepreneurial journey.

Talk soon,
Steven

P.S. Tomorrow, I'll break down my process on how I finally decided what businesses I wanted to focus on for the next ten years and how you can do the same.

P.P.S. You'll also meet our little mascot tomorrow. He's pretty cute.
